Invitation to Exclusive Executive Training:

“ ESG & Climate Resilience ”

Dear Madam or Sir,

It is my pleasure to invite you to our 3rd ESG Executive Training taking place in beautiful Bali.

Following the success of our first two ESG Executive Trainings in Bali and in Valencia - where we welcomed 28 C-level executives from 12 countries across 6 regions, along with renowned impact investors from Austria - we are excited to bring together another dynamic group of leaders for two transformative days. To get a glimpse of the energy and inspiration that define our trainings, we invite you to watch the video from our previous Bali event by clicking the link on the next page.

We look forward to sharing more details with you soon.
Warm regards,
Dr. Andrij Fetsun
